

Steps to Receive HUDL Films

1. When sending the mid-week email alert to the coaches confirming game time and site, include a request for the HUDL game film.
2. Initiate a HUDL video exchange the day before or the day of the game using one of the **designated** exchange videos. Always exchange videos, **do not request**.
3. During the pregame conference, remind the coaches about sending the film. Meet and get the email address of the HUDL coach (if not the HC), if possible.
4. The following is for Friday games (adjust 24 hours for Thursday and Saturday games):
 - a. If you haven't received the video by Saturday afternoon, reach out to the Head Coach and advise you haven't received the video.
 - b. If you haven't received video by Monday a.m., repeat 4a.

The aforementioned steps should be done for each team until you receive one or both films.
